

The background of the page is filled with a complex, abstract line art pattern. It consists of numerous thin, grey, continuous lines that form a variety of organic, flowing shapes. These shapes include loops, swirls, and elongated, somewhat irregular forms that overlap and interweave across the entire page, creating a sense of movement and depth. The lines are uniform in weight and color, contributing to a minimalist yet intricate aesthetic.

We admire the humanism spirit of Renaissance which had ended off the dark age of the Middle Ages and lit up the light of modern world civilization. Florence Medici family from Italy who is still respected by people until now played an important role in art inheritance and development.

As a member of the Medici family Cosimo-De-Medici owned an unique noble. Who not only expanded the family business in the territory but also generously supported the arts and charity which was sung by the world. Such as the creation of Plato Society, the construction of Notre Dame Cathedral and establishment of the design school in Uffizi Gallery etc. all these contributions to the spirit of the arts and humanities have always been admired for us.

我們崇尚文藝復興的人文精神，文藝復興結束中世紀的黑暗時代，點亮了近代世界文明的光芒。至今讓人津津樂道的意大利－佛羅倫薩－美第奇家族，更是扮演着藝術推手的要角，傳承了文藝的火種。

身為美第奇家族成員的科西慕·德·美第奇傳承家族的高貴氣質，不但擴大了家族事業的版圖，文藝復興時期慷慨大方的藝術贊助與慈善事業更為後世所歌頌。柏拉圖學會的創建、花之聖母大教堂的修建、資助烏菲茲美術館建立設計學院等為人文藝術貢獻的精神始終為我們所景仰。

The Jerry programme is sturdy and abstract and looks almost minimalist. In this design, designer gave maximum focus to the characteristic and powerful forms by limiting the number of details as far as possible. One feature is the way in which the upholstery is folded, giving the sofa an inviting look. The sloping upper section of the backrest also makes this model the ideal seating to enable casual conversations. As well as three sofas and a comfortable loveseat, Jerry also offers a varied programme of elements, including modular sofas, a chaise longue and an end section with Footstool.

杰裏而抽象，看起來幾乎是極簡主義。在這項設計中，設計師通過盡可能地限制細節的數量，最大限度地突出了特色和強大的形式。其中一個特點是室內裝潢的折疊方式，給沙發一個誘人的外觀。傾斜的上部靠背也使這一機型成為理想的座位，使休閒交談。除了三人沙發和一個舒適的雙人沙發外，杰裏還提供多種元素，包括模塊化沙發、躺椅和帶腳凳的端部。

PACK 帕克

Design interaction, trajectory control space. Pack is a kind of landscape. It is the product of the times and the society it represents. Whether used in the waiting area or at home, the seating system is absolutely flexible because there is no need for the layout of the space and the arrangement of the seat components. These components differ in appearance and functionality, so they can be used in any setting. Stools, tables, hangers, containers, shelves, screens, worktables, chairs, each element is combined to create interaction and communication. The combination of multiple functions and meanings means that the concept of sofa as a TV watching furniture or a simple resting place has undergone a revolutionary change, making it the core of interaction.

設計相互作用，軌迹控制空間，帕克是一種風景，它是時代的產物，是它所代表的社會無論是在等候區還是在家中使用，座位系統是絕對靈活的，因為不需要空間的布局和座位組件的排列。這些組件在外觀和功能上各不相同，因此，它們可以在任何設置中使用。凳子、桌子、衣架、容器、架子、屏風、工作臺、座椅，每一個元素都結合在一起，創造互動和交流。多種功能和含義的結合意味着沙發作為看電視的家具或簡單的休息場所的概念發生了革命性的變化，使它成為互動的核心。
