Swosh Business Ultimate Display

Swosh®
TOUCHSCREEN

Stay flexible with a rotatable screen

Our innovative design allows you to rotate the screen to your desired orientation. Whether you need a vertical display for reading documents or a horizontal display for watching movies, the SWOSH Portable Display offers unparalleled flexibility for meetings, huddle rooms, discussion corners, signages and an extensive commercial application.

Experience vibrant visuals with our capsule screen technology and 10-point touch technology

The SWOSH Portable Display features an in-cell screen that delivers stunning visuals with vibrant colors and sharp details. With 10 Point Touch technology, you can interact with the display effortlessly, making it perfect for gaming, designing, or simply browsing.

Easy use for online businesses

Suitable for home TV, fitness, games, children's education, business

Swosh Business Ultimate Display
